Election Tuesday.

The issue of our paper has been delayed several hours, in order that we might gratify the public desire, in making as general a report as possible of the election in this county and throughout the state.

Of Meigs county we have official returns from eleven towns and precincts; three, Olive Columbia & Bedford unofficial, yet to hear from: from all which it appears that General Cox receives a majority of 912 votes, and Mr. Welsh for Representative 712, which is a loss on the vote for Governor compared with that of 1864 of 266, which may be charged to the account of general apathy.

The Union ticket for this County, except ing in the case of Mr. Welsh, runs about even with that of the vote for Governor.

All the information we are able to extrac from the telegraph office, of the election out side of this County is that of Washington County, which is reported 441 majority for Cox, and Athens County from 1200 to 1500 of like majority. The delectable agent of the line at Athens down to this late hour, excepting the above, declines further to respond.

THE FAIR.—The agricultural fair for Meigcounty came off on Wednesday and Thurs day last, and was as well supplied in the various departments usally represented on such occasions and as well attended, as was to be expected under the circumstances, it being the first held since the commencement of the late war. Now however that the blessings of peace have returned and the pursuits which it inculeated are once more being resumed, we have no doubt that hereafter this institution which has been so munificently the omnium gatherum of human skill and industry and of the rich productions of the country, will be well patronized, and in the variety and richness of its productions vie with those of the surrounding country.

We refer to the advertisement of Messrs. Reed & Brother, New York, who submit to the couniss or in precious metals, a proposition, which we believe cannot fail to commend itself; which they are enabled to accomplish through an expansion of business, and must operate beneficially to many.-We add, that the above firm comes highly recommended, through our New York correspondent, as worthy and reliable.

[From the Utica Daily Observer, Sept. 15th.] First Parmium.—By reference to the list which we publish elsewhere, it will be seen that the Singer Sewing Machines (both family and manufacturing) carry off the first premiums from the State Fair, which closes today. It is worthy of remark that these machines are the Sing and to-day. It is worthy of remark that these machines are rarely seen at fairs, and the Singer Co. have not entered into the general scramble for premiums which has characterized the past few years. The agent in this city saw fit, however, to come out on this occasion in force; and notwithstanding the competition was sharp—the Wheeler & Wilsoy, Grover & Baker, &c. &., joining in the context—it was plain to be seen, when the price feed tests wore annived that the "plungs" must be headed over to the Singer machines.

SYMPTOMS. The symptoms of Catarrh are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In the condition the nose may be dry, or a slight discharge, thin and acrid, afterwards thick and adhesive, may ensue.

As the disease becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked or coughed off. The secrotions are offensive, causing a bad breath; the voice thick and hasal; the eyes are weak; the sense of smell is lessened or destroyed; deafness frequently takes place.

Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucous, which has fallen from the head during the night. When this takes place, the person may be sure that his disease is on time in arresting it.

The above are but few of the many Catarrh.
